Activity Steps

STEP 1: GIFT

Give all family members a piece of paper and five minutes to write or draw a picture about a favorite memory or gift they have received. Allow them to individually share about what they wrote or drew.

STEP 2: READ

Mark 16:15 - Jesus said, "So wherever you go into the world, tell everyone the Good News."

STEP 3: SAY

Was everyone excited to share? When something good happens to us like a special trip or receiving a gift, we want to talk about it. Those are all pretty fun things that everyone shared. Let's look together at the BEST THING that has ever happened to anyone. We should definitely want to share this good news!

STEP 4: WATCH

Spend a few minutes watching a video explaining the Good News of the gospel. You can also choose to go through the "God Loves You" booklet included with this kit that goes along with the video. The booklet and video are also available at lifeathome247.com/tellthestory

- If your child has not trusted Christ yet, this is a great time to tell them about His amazing story.
- If your child has already trusted Christ, use this opportunity to encourage them to share the Good News with others. Help your child craft their personal faith story to share. Consider working together on your faith stories and then give each family member a chance to practice telling their story.

STEP 5: COMMIT

Ask each person to share the name of one person they want to share God's story with. Commit to pray for each other as you seek to find opportunities to share. You might also consider choosing another family to pray for together.

Pray - Thank God for the most amazing story. Ask Him to help you and your family to share the Good News with others.
